

Insect Dust

Diatomaceous Earth

- All-Natural **100% food-grade** Diatomaceous Earth
- Diatomaceous Earth is composed of billions of microscopic, hard shelled algae called diatoms which kill insects such as Bed Bugs, Cockroaches, Ants, Earwigs, Millipedes, Centipedes, Slugs and other crawling insects by cutting into their exoskeleton like broken glass and dehydrating them
- Approved for use in animal feed Can be used indoors and outdoors
- All-Natural/Organic ingredients not harmful to pets or the environment
- Apply lightly and uniformly as a barrier around plants, foundation of houses, patios, porches & pools
- Use indoors in the kitchen, in corners, under appliances and behind baseboards
- Sprinkle on mattresses & furniture to kill bed bugs
Keeps killing insects for 9 months
- Product size and treatment coverage:
 - 4.4-lb bag treats 1,800 sq. ft.

Diatoms 1000x Magnification
